

NACO

National Association
of Caravan Owners

what we've been up to...

2008

- 1** NACO's Advice Team handled no less than 1400 individual advice enquiries in 2008. In a vast number of these cases, our members considered the outcome favourable.
- 2** In September 2008, NACO was invited to the Northern Ireland Assembly at Stormont to discuss the drafting of legislation designed to improve the legal rights and security of private caravan owners in the Province.
- 3** We continue to collect sound evidence about key issues and use it to lobby and influence decision-makers, to deliver a 'new deal' for NACO members across the UK.
- 4** Throughout the year, NACO attends and reports on many key external events of high relevance to its members. These include the Citizens Advice Bureaux and Trading Standards National Conferences and the big 'expo events' - regularly held for example at The Lawns and the Scottish Show, in Glasgow.
- 5** The "Holiday Caravanner" magazine is the ONLY national periodical dedicated entirely to the static holiday caravan owner. Our member magazine is produced completely independently of all caravan manufacturers and park operators.

did you know?

there are approximately 500,000 caravan owners in the UK. Just imagine if they all had one voice...
